Woohoo! Huzzah! Yayzors! *throws virtual confetti*

And someday, there will be kids who think that gay marriage being illegal was ridiculous, just like we think interracial marriage being illegal was ridiculous.

I saw that this morning and got terribly excited.

As much as I adore my home state, I was terribly ashamed a couple years back when they passed a Gay Marriage Ban amendment to the state constitution. So the one by one of other states doing the right thing gives me hope that some day, in the not too distant future, Wisconsin will come back to the side of right.

Yay! Your country is becoming increasingly civilised on this front. One day it will catch up with its northern neighbour. I can only hope my country catches up to yours at some point, too.
